Thank you for your purchase!

If you have any questions or concerns please visit:
https://sprites.retro-dragon.com/contact/

All Assets come as PNG &
as the Aseprite Source File.

If you do not have Aseprite
you will need a basic
image editor to overlay your
sprites in the desired way.

All Animations have been
set up in the source file for
ease of use.

All future Asset Packs will
be designed to be compatible.
(ie. hairstyles & clothing)

If you have any compatibility
issues, please feel free to reach
out to me.
